ABOUT ME

Research-oriented finance professional with applied expertise in corporate governance, financial econometrics, and empirical valuation. My thesis applies panel-data regression in STATA to examine how governance mechanisms, institutional ownership, and sustainability reporting shape firm performance in Pakistan's non-financial sector. This is complemented by independent econometric and valuation work, including CAPM regression analysis and DCF-based equity research on PSX-listed firms. I am seeking doctoral opportunities in finance, accounting, or economics to extend this empirical research into underexplored emerging-market settings.

RESEARCH INTERESTS

Core Research Domains

Corporate Governance, Sustainability, Financial Econometrics & Panel Data Methods, Asset Pricing, Equity Valuation & Investment Analysis, Corporate Financial Performance,

Emerging Interests: FinTech, Behavioral Finance, Macro-Financial Linkages

EDUCATION AND TRAINING

Master of Business Administration

University of the Punjab, Lahore [01/10/2024 – Current]

Address: Institute of Business Administration, Quaid-e- Azam Campus, 53700 Lahore (Pakistan) | **Website:** <https://pu.edu.pk/> | **Field(s) of study:** Finance | **Final grade:** 3.35 | **Thesis:** The Nexus Between Corporate Governance Mechanisms and Corporate Financial Performance: Insights From Pakistan's Non-Financial Sector. Supervisor: Dr. Yasir Ashraf

Academic Distinctions: 1st Position in Managerial Economics; 2nd Position in Master's Final Thesis

Bachelor of Business Administration

University of Education, Lahore [26/10/2020 – 22/08/2024]

Address: Gulgasht Colony, Bosan Road, 54590 Multan (Pakistan) | **Website:** www.ue.edu.pk | **Field(s) of study:** Finance | **Final grade:** 3.13

RESEARCH & EMPIRICAL EXPERIENCE

Thesis Research Project

- Designed and executed an empirical study evaluating board-level governance mechanisms (audit committee independence, institutional ownership) across Pakistan's non-financial listed sector.
- Incorporated sustainability/ESG reporting as a moderating variable to model its impact on corporate return on assets (ROA).
- Collected and cleansed longitudinal firm-level financial data; executed fixed-effects and random-effects panel regressions using STATA.
- Conducted rigorous diagnostic checks including multicollinearity, heteroskedasticity, and autocorrelation tests to ensure robust econometric estimation.

[01/06/2026 – 30/06/2026]

Financial Econometrics: CAPM & Volatility Analysis of PSX-Listed Equities

- Estimated CAPM regressions (simple and log returns) for five PSX-listed equities against the KSE-100 benchmark in STATA.
- Conducted Breusch-Pagan heteroskedasticity and Breusch-Godfrey autocorrelation diagnostic testing to validate model robustness.

[02/03/2026 – 20/03/2026]

Equity Research & DCF Valuation

- Built three-statement financial models (Income Statement, Balance Sheet, Cash Flow) and FCFF-based DCF valuations for four PSX-listed companies across oil & gas and FMCG sectors.
- Produced investment recommendations (BUY/HOLD) supported by peer comparison, scenario analysis (bull/base/bear) and sensitivity tables.

[15/05/2026 – 10/06/2026]

Multi-Factor Risk-Return Analysis project

- Conducted comparative equity analysis of JPMorgan Chase, NVIDIA, and Coca-Cola, evaluating 2-year price performance, return, and volatility profiles.
- Estimated Fama-French four-factor regressions to decompose stock returns into market and firm-specific risk components, and computed portfolio-level Jensen's Alpha via CAPM regression against the S&P 500 benchmark.

TEACHING EXPERIENCE & INITIATIVES

[01/12/2025 – 15/05/2026]

Lecturer — Accounting, Finance & Economics (Intermediate & ADP)

Taught Accounting, Finance, and Economics to Intermediate (I.Com) and ADP-level students at Islamic College of Science & Arts, Shujabad, Multan

[15/08/2026 – Current]

Founder & Academic Tutor — Elevate Academy

- Deliver specialized online instruction in Finance, Economics, and Accounting related subjects.
- Provided guidance on quantitative research design and statistical analysis for thesis-level business students.

[04/11/2024 – Current]

Student Instructor — Research Methods & Statistical Software

- Instructed fellow & junior graduate students in statistical software applications (STATA, SPSS) for empirical research projects.
- Led practical tutorials on data entry, variable transformation, cross-sectional/panel data routines, and interpretation of regression outputs.
- Mentored peers in academic literature sourcing, reference management (Zotero, Mendeley), and research paper structuring.

[01/06/2020 – 30/08/2024]

Volunteer Instructor — Free Summer Learning Program

- Independently organized and delivered free tuition to students up to intermediate (Grade XII) level during summer school closures, sustained across multiple years.

WORK EXPERIENCE

 **Mazcorp Engineering** – Lahore, Pakistan

Assistant Finance Manager

[15/05/2026 – 20/08/2026]

- Managed project budgets, cost estimates, and cash flow; enforced cost-control measures and reviewed invoices/financial reports for accuracy and compliance.
- Coordinated with project managers, site teams, and procurement to align financial and operational objectives, maintaining accurate records throughout.
- Presented financial updates to government officials (DC, CSO) and consultants; identified and flagged financial risks to support informed decision-making.

2iQ Human Resource Solutions (Pvt) Ltd – Lahore, Pakistan

Sharebuyback Trainee Analyst

[02/07/2025 – 24/11/2025]

- Analyzed share buyback transactions across multiple international markets, sourcing data from annual reports, regulatory filings, and platforms including Bloomberg, Investing.com, and Yahoo Finance.
- Tracked tender offers and open-market repurchase programs, evaluating AGM disclosures to assess management intent.
- Built and maintained structured Excel datasets, cross-verifying multiple sources to ensure data accuracy and consistency.

Federal Board of Revenue (FBR) – Multan, Pakistan

Audit & Tax Intern

[07/06/2023 – 15/08/2023]

- Assisted in audit tasks and reviewing tax documents, and helped the enforcement team with case files and data entry.
- Supported the human resource team in managing employee records and observed tax compliance processes.

SKILLS

Research Skills

Quantitative Research / Literature Reviews / Financial data analysis / Academic Writing / Statistical analysis. / Data Interpretation / Research methodology

Finance & Analytical Skills

Corporate Finance / Investment Analysis / Financial Statement Analysis / Ratio Analysis / Budgeting And Forecasting / Risk Analysis

Digital Skills

MS Excel (advanced formulas, Pivot Tables, charts) / Microsoft Word / Proficient use of statistical softwares (SPSS, STATA) / Reference Management Tools-Zotero, Endnote, Mendeley / Microsoft PowerPoint

Transferable Skills

Presentation Skills / Critical Thinking / Problem-Solving / Communication / Teamwork / Time Management

CONFERENCES AND SEMINARS

[07/09/2025 – 08/09/2025] Lahore

Leadvolution – Virtual Leadership Summit 2025 (Certificate of Participation)

- Participated in a virtual leadership summit focused on leadership development, growth, and professional engagement.

CERTIFICATIONS

[Coursera (authorized by Saïd Business School, University of Oxford), 19/02/2026]

Foundations of Sustainability and ESG

- Introductory course covering ESG concepts, sustainability foundations, and how environmental, social, and governance factors are used in business and investment decision-making

[Coursera (authorized by Corporate Finance Institute), 19/02/2026]

Corporate Finance Fundamentals

- Covers core corporate finance concepts such as financial decision-making, capital allocation, and foundational principles used in evaluating business performance and finance functions

[Coursera (authorized by EDUCBA), 23/11/2025]

SPSS: Apply & Interpret Logistic Regression Models

- Practical training on applying logistic regression in SPSS and interpreting model outputs for data analysis.

[Coursera Project Network, 06/09/2025]

Investment Risk Management (Project Certificate)

- Project-based course focused on understanding and managing investment-related risks, including risk assessment concepts relevant to financial decision-making.
